

Method Statement

Help your employees and contractors to fully understand the process and control measures in place to keep them safe with AssessNET's Method Statement module. Moreover, this solution helps you save time in creating, distributing and reviewing Method Statements through automation and customisable templating capabilities.

Key Features

Define the step-by-step process pertaining to a particular Method Statement

Rely on full version control for traceability, transparency, ISO 45001 and HSG65 compliance

Attach supporting documents, images and notes to individual Method Statements

Save time by creating generic templates for recurring work activities

Create new Method Statements or use pre-existing ones

Provide quick access to Method Statements via our easy-to-use Employee Portal
