

GDPR EU Training

CPD, IIRSM, Skills for Care

Description

Everyone who handles personal data must have a broad understanding of the General Data Protection Regulation, or GDPR – which is all about keeping personal data safe and protecting the interests of the people whose data it is. For those employees that have to handle data for work, this training course will teach you about the fundamental requirements needed to comply with the General Data Protection Regulation.

Sections

- 1. Personal Data**
- 2. The Principles of Data Protection**
